

Kirby Game Intro Text

Plan for the paragraphs. Three scenes, first of Kirby in bed asleep, second of Kirby emerging from his house and the third of the Dream Spring. So what could that all mean? First, Kirby wakes up to a commotion about the Dream Spring, next he sees all the fuss. Afterwards the Spring itself is the subject.

1
Kirby was dreaming
in Dream Land
because that's what
you're supposed to
do there. Dreams
were warm and cute.

2
But his dream was
cut short by a big
commotion outside!
Kirby put away his
dream so he could
use it later on.

3
Nothing seemed to be
wrong at first, but
as he watched,
something amazing
happened...

4
The Dream Spring
stopped! Well this
just wouldn't do,
would it? He would
have to restart it!

5
He packed away his
adventure kit to
deal with anything
he might find. This
mystery was going to
be solved!

6
Stepping outside,
brave little kid
Kirby started on the
path that would lead

him all over Dream
Land. Good Luck!
